

SPS-A005A

Battery & USB Operated Powered Speaker (10 Watts)

The ABtUS **SPS-A005A** is a simple battery operated Powered Speaker with an output power at 10 watts that is designed to deliver quality audio amplification. It is an ideal back up solution for classroom and small meeting room installations.

Features

- Battery operated (3 x AA battery)
- Playing time: 4-5 hours
- Can be powered by USB
- Woofer: 3"
- Impedance: 4ohm
- Output power: 10 watts

Technical specification

Output power	: 10W
Woofer	: 3"
Impedance	: 4ohm
Input sensitivity	: 600±10% mV
Distortion	: ≤ 1%
Signal/Noise ratio	: ≥ 50dB
Frequency response	: 300~20K Hz
Power cable	: USB Plug 1.2m, black
Input cable	: 3.5 Plug, 1.3m black
Battery	: 3 x AA 1.5V
Playing time	: 4-5 hours
Size of product W*D*H:	590 x 130 x 127 mm
Weight	: 1.95 kgs
