

WaistBand Amplifier

Personal wireless microphone to prevent cross contamination
 Allow students to hear the teacher clearly even with mask on
 No Need for complicated connections to speakers

Model: M400

- Recording function

Specification

Output power:	10W
Charging Voltage:	DC 5V, 500mA
Lithium battery:	1800mAh
Working time:	with 50% volume 6~8 hours (musical mode); 8~10hours (MIC mode)
Charging time:	3~5 hours
Working temperature:	-10°C~45°C
Frequency response:	90Hz~18KHz
Product size:	114x84x46mm
Unit weight:	271g
Available color:	Black & Blue

Standard package:

- 1 * main machine
- 1 * waistband
- 1 * wired microphone
- 1 * USB charging cable
- 1 * user manual"

Model: M700

- Recording function
- Built in Bluetooth

Specification

Output power:	13W
Charging Voltage:	5V, 500mA
Lithium battery:	3.7V 1800mAh
S/N ratio:	>=70dBa
Distortion:	<=1%
Working time:	with 50% volume 6~8 hours (musical mode); 8~10hours (MIC mode)
Charging time:	3~4 hours
Frequency response:	200HZ-18KHZ
Product size:	140x84x48MM
Unit weight:	285g
Available color:	Black & Blue

Standard package:

- 1 * main machine
- 1 * wired microphone
- 1 * user manual
- 1 * Aux line
- 1 * USB cable
- 1 * waistband
